

GENERIX SOLOCHAIN WMS

EXTENDED PROFILE

OVERVIEW

Advanced WMS solution for manufacturing, wholesale, retail, and 3PL companies. Native MES and BackOffice functionalities, along with graphical UI and mobile workflows, allow for unparalleled traceability and usability. SaaS or On-Prem deployments.

The Generix Group WMS is built on a scalable and flexible platform. The solution is highly configurable in terms of information layout, mobile workflow processes, reporting and optimization rules. The technological infrastructure is designed for maximum configuration flexibility and performance scalability. This robust platform benefits your business with a highly adaptive, and easily integratable, supply chain solution. Taking care of your business today and in the future.
