

DEPOSCO BRIGHT WAREHOUSE EXTENDED PROFILE

OVERVIEW

Deposco is the industry's only end-to-end supply chain fulfillment solution that uniquely combines a warehouse management system (WMS) with order management and DOM functionality in one cloud platform. Fast-growing retail, e-commerce, manufacturing, and 3PL businesses use Deposco to simplify, accelerate, and optimize everything touching their fulfillment operations to fuel growth fast.

KEY FEATURES:

- Zero-lag, enterprise-grade visibility and synching for inventory, order updates, supplier management, and third-party system applications
- System-directed decisions and rich insights on staff performance, costs, customer behaviors, and more
- Fast, paperless picking and labor-saving automation to optimize workflows with barcoding, labeling, cross-docking, and returns - keep pulling orders without snags
- 150+ pre-built software integrations with ERPs, shipping carriers, marketplaces, and 3PLs - ultra-fast time to value with minimal IT involvement Immediate labor and cost reductions, shipping speeds under 24 hours, +99% order accuracy, and freedom to roll out new technologies rapidly

PROS:

- 2-in-1 system: Tier 1 WMS and fully integrated OMS functionality in a clean User Interface that can be learned in minutes
- Efficient and configurable: business rules-based dashboards, automated on-floor decisions, and recommendations to cut costs and remove points of error
- Modern architecture: an extensive library of pre-built software integrations and security tools allows frequent upgrades to respond to shifting consumer demands and market pressures at a lower cost
- Specialized solutions for 3PLs: integrate warehouse management and order fulfillment to manage time-intensive or complex client needs, including billing

- Extensive Professional Services backed by consistent, proven results: 63% YOY increase in shipping volume, 67% top-line growth, 77% reduction in fulfillment costs, 4-9x boost in shipping volume
