TEJAS WAREHOUSE MANAGEMENT SYSTEM (TWMS)

EXTENDED PROFILE

Twms
Warehouse Management System

OVERVIEW

Our flexible warehouse management system takes care of all the different components of the warehouse operation and makes it scalable. Our system handles multiple warehouses wherever they may be in the world. Pick verify, pack verify, and put away verify have mobile-based screens for easier operation. Your personnel can carry their mobile and scan them away. We consult with our customers to set up best practices and the optimal design of the warehouse setup and processes to make their operation as efficient as possible.
