

# SCEXPERT

# EXTENDED PROFILE

## OVERVIEW

SCExpert from Made4Net is a comprehensive supply chain execution platform designed to optimize the entire supply chain lifecycle, including warehouse management, transportation, and yard operations.

SCExpert is not just a replacement for Warehouse Expert; instead, Warehouse Expert is a crucial component within the broader SCExpert suite, serving as its dedicated WMS module.

## AN OVERARCHING PLATFORM

Made4Net's SCExpert is the primary product, offering a unified platform that consolidates various modules such as:

- Warehouse management
- Transportation management
- Yard management
- Labor management and more.

This modular approach ensures that businesses can deploy a tailored solution that meets their specific operational needs, scaling and evolving as their supply chain requirements change.

SCExpert's flexible architecture, based on Service-Oriented Architecture (SOA) and Microsoft technologies, enables seamless integration with existing ERP systems like [Microsoft Dynamics](#) and [SAP Business One](#).
