

STERLING WMS

EXTENDED PROFILE

OVERVIEW

The Sterling Warehouse Management System is part of global IT company IBM. The system was created to improve productivity in high traffic warehousing environments by enabling centralized inventory, resource and administration processes.

Features of Sterling WMS include shipment routing, wave planning, order processing, customer-defined applications and shelf-life management. Sterling enables users to respond quickly to customer enquiries and orders, plus make deliveries faster and more efficient. It works in connection with other IBM Sterling products including a supply chain visibility vendor compliance system and a supplier portal.

Sterling WMS is available as a cloud-based system, so all data and documentation is available on any mobile device with an internet connection.

SOFTWARE SCREENSHOTS

The screenshot displays the IBM Applications Manager interface. The main window is titled "Applications Manager" and contains a menu bar with "File", "Applications", "Action", and "Help". Below the menu bar, there are two tabs: "CM (DEFAULT)" and "Product Item Search (DEFAULT)".

The "Product Item Search (DEFAULT)" tab is active and shows a search form with the following fields:

- Item ID: [Dropdown] [Text Box] UOM: [Dropdown] [Green Plus Icon]
- Short Description: [Text Box]
- Master Catalog: [Dropdown] Kit Code: [Dropdown]
- GTIN: [Dropdown] Search for Containers:
- Max Records: 1,000 [Text Box]

On the left side, there is a tree view under "CM (DEFAULT)" with the following items:

- Catalog Management
 - Catalog Configurations
 - Products
 - Items (Selected)
 - Node Item Attributes
 - Item UOM Master
 - Master Catalog
 - Categories
 - Classifications
- Delivery Services
- Provided Services
- Value Added Services

In the foreground, a "Create Item" dialog box is open, showing the following fields:

- Item ID: container 1 [Text Box]
- UOM: Each [Dropdown]
- Short Description: [Text Box]
- Master Catalog: [Dropdown] [Green Plus Icon]
- Used As Container for Packing: [Mouse cursor]

Below the dialog box, there is a table with columns "Unit Of Measure" and "Short Description".
