

CIN7 WMS

EXTENDED PROFILE

OVERVIEW

Cin7 inventory management software keeps stock in line with orders across all your sales channels and stock locations. It's the smartest way for growing brands to connect to more customers in more places. Cin7's extensive integration and workflow automation make it easier for you to optimize inventory, manage orders, and maximize margins whether you sell directly to consumers online, in your own stores, or to other distributors or retailers.

Cin7 includes built-in POS, warehouse management, and B2B eCommerce features, and built-in EDI to manage orders from major retailers around the world. Integrate quickly and easily to online marketplaces, 3PL warehouses, and accounting, sales, marketing, inventory forecasting, and other business-critical software.
