

EXTENSIV 3PL WAREHOUSE MANAGER

EXTENDED PROFILE

OVERVIEW

Extensiv 3PL Warehouse Manager is the leader in cloud-based warehouse management system (WMS) solutions built to meet the unique needs of the 3PL warehousing community. Serving as the backbone of our customers' operations, our platform quickly transforms paper-based, error-prone businesses into service leaders who can focus on customer satisfaction, operate more efficiently, and grow faster.

Offering a comprehensive warehouse management platform, we make it easy for 3PLs to manage inventory, automate routine tasks, and deliver complete visibility to their customers. As the proven industry leader for over a decade, Extensiv accurately manages billions of dollars in inventory and processes more than 1 million orders a week from any of our customers and their customers' systems.

Extensiv 3PL Warehouse Manager is a comprehensive warehouse management platform that makes it easy to manage inventory, automate routine tasks, and deliver complete visibility to 3PLs and their customers. API Capabilities: Extensiv offers a data API to enable connections with other internet-based systems.

Our API allows for several calls including:

- Creating Orders in Extensiv 3PL Warehouse Manager
- Order Details
- Order Status
- Tracking Number lookup

- Stock Status
- Item Creation and more.

Our API is available to all customers as part of our package and can be used to connect external systems such as shipping manifesting systems, shopping carts, CRMs, channel managers, ERP Systems, TMS Systems, and more.

SOFTWARE SCREENSHOTS

The screenshot displays a software interface for managing inventory. The top navigation bar includes a home icon, a breadcrumb trail (Dashboard > Billing Wizard > Manage Inventory > Customer > Manage Items), and utility icons (help, settings, user profile) with a notification badge showing '5'.

The left sidebar contains a 'Menu' with the following items: Orders, Receipts, Inventory, Returns, Purchase Orders, Reports, Users, Customers, and Items.

The main content area is divided into two panels:

- Filter Criteria Panel:** Contains dropdowns for 'Customer *' (3PL Central) and 'SKU' (Cont...). Below these are 'Description' (Cont...) and a 'Show Inactives' checkbox with an information icon.
- Description Panel:** Contains fields for 'SKU *' (Desk), 'Sell Price' (75), and 'Product Cost' (35). It also includes 'Item Description *' (Wooden Desk), 'Secondary Item Description' (Oak - Color 1), and a 'Classification' dropdown (Unspecified).

At the bottom of the filter criteria panel, there are buttons for '+ Create', 'Edit', 'Manage', and a menu icon. A 'Select all' checkbox is also present. At the bottom of the main content area, a status bar shows '23 RESULTS | 1 SELECTED'. Above the description panel, there are 'Save' and 'Exit' buttons, and a tabbed interface with 'Items' selected.
