

# APPTRICITY WAREHOUSE

## EXTENDED PROFILE

## OVERVIEW

Catering towards medium and enterprise scale companies, Apptricity Warehouse was built to efficiently manage a warehouse at an operational and inventory level. The multi warehouse system allows users to manage more than one location from a single screen.

A cloud-based system, Apptricity Warehouse can have new facilities added quickly to an existing system, with global visibility users can see the "who, what and where" of an organization's inventory around the world.
