# EXTENDED PROFILE

## OVERVIEW

Apprise ERP provides solutions for consumer warehouse operations on a global scale. Apprise provides management tools for receiving, physical inventory, and wireless operations through the warehouse management module of their ERP system.

System access is available on mobile devices through a native application for iOS and Android tablets. The app provides barcode scanning, backorder prevention, customer notes, fleet delivery rules, pin enhancements, and map integration. In addition to Apprise's warehouse solutions, the mobile app can connect to many other major ERP systems.
