

AVECTOUS WMS

EXTENDED PROFILE

OVERVIEW

Avectous WMS is one-third of the Avectous Integrated Software suite, the other two parts being channel and order management systems. The platform is designed to promote seamless management and data flow across organizations. It is in use across a wide range of industries, including 3PL, manufacturing, retail, and e-commerce.

Avectous WMS offers users a real-time view of inventory and current orders. The WMS is able to automate much of the warehouse management process, including; receiving, inspection, putaway, and picking. Avectous can integrate with Amazon, eBay, Groupon, and Walmart as well as a range of other order management and enterprise software systems.

Avectous WMS can be accessed remotely, allowing for warehouse employees to continue work without the need to return to a central office area. Users can access the system on any device with a browser and the WMS also integrates with RFID scanners and other handheld warehouse devices.

The WMS can be installed on-premise or deployed as a cloud-based solution. It is 100% proprietary and is offered on an unlimited user software license. Avectous provides an initial warehouse consultation, user training, implementation support and help with integration.

SOFTWARE SCREENSHOTS

The screenshot displays the AVECTOUS software interface, which is divided into several functional areas:

- Main Menu:** Located on the left side, it includes options for Daily Demand, Order Header, Order Lines Analysis, and Products.
- Product Master:** The central table lists various products with columns for Divise, Season, UPC, Description, Product Class, Style, Color, Size, FIFO, On Hand, Inspection, Lot Control, and Serialized. The table contains 15 rows of product data.
- Dimensions Table:** A table below the Product Master provides technical specifications for different product classes.

UPC Family	UPC	Conversion Factor	Length	Width	Height	Weight	Package Weight	Default Pick Zone	Default Pickover Area	Qty/Py
00	DAOK	1	9	4.75	1.5	0.16	0.16	DEFAULT		
00	DHWR	24	24.63	9.25	12.38	3.84	3.84	DEFAULT		
00	CASE	72	25.25	15.5	13	11.52	11.52	DEFAULT		
- MasterChart:** A 3D bar chart on the right side of the interface. It features four bars of different colors (blue, red, green, purple) with numerical values 13, 30, 3, and 19 displayed above them. The x-axis is labeled '0010220419'. A legend below the chart identifies the bars by color and number (1-5).
